Unique, innovative middle years programs within a wide and diverse curriculum
Successful learning in dynamic, well managed classrooms

It is most important when purchasing footwear for school to select suitable footwear.

Footwear is an important safety item. Good soles provide a sound grip on the floor preventing accidents such as slips, trips and falls from occurring. Footwear can also protect feet from damage caused by accidents such as falling objects or chemical spillages.

These guidelines have been developed to assist NSW government schools in providing a safe working and learning environment.
I would like to extend a warm welcome back to the 2013 school year for the whole Dubbo College South Campus community. Especially to families who are new to the school.

We have had a very settled start to the year. This is a result of solid planning and excellent support from staff, students and the community about the direction our school needs to take.

We welcome a large number of new staff to our Campus this year. Returning to the executive is Mr Ross Gorrie as Deputy Principal. A number of current staff are relieving as Head Teachers. Mr Elbourne-Binns in Science, Mr Berry in Administration, Mr Graham Black in HSIE, Mrs Olsen (Teaching and Learning), Mrs Wood (Professional Learning). New staff include: Sean O’Connor, Robert Lockett, Ian Munn (English), Kylie Walter, Trudy Newton, Jaswinder Bansal (Maths), Shannon Hockey (Special Education), Mark O’Donnell, Kevin Lee, Rachel van Leeuwen, Tyron Chetty (Science), Kyle Webb, Nathan Griffiths (Learning and Support), Margaret Anderson, Emma Kersley, Casey Shirm (CAPA), Lauren Imrie (Careers) and Cassie Witt, Vanessa Smith (Daily Relief).

This year a number of staff are also participating in cross campus teaching with the Senior Campus. It is a great opportunity that allows staff to teach students through to the HSC and for us to retain their skills at our site. I am sure that our students will benefit from these structures. These new faces have brought an energy that has spread across all areas of the school.

Our term begins with approximately 800 students. For this reason we have allocated specific year areas in the playground. This includes a specific area for our Year 7 students.

A number of key events are planned in the first few weeks. This includes our leader’s induction on Friday 15 February in the school hall. School Captains, our Student Representative Council, the Junior AECG and Sports Captains will be recognised.

Tonight Monday 11 February from 7.30pm is our first P&C Meeting for 2013.

Thanks to more than 100 people who attended our Welcome to Year 7 BBQ last Wednesday. All families enjoyed meeting staff and fellow parents in this social environment.

The school swimming carnival takes place on Monday 25 February. All students need to be at the pool ready to start by 8.50am. Our SRC has planned a great day for students with a strong balance of competition, awards for participation and a number of novelty events. With something for everyone there is an expectation that all students will attend the carnival.

A number of things will also remain the same. This includes the mobile phone and electronic devices policy that was introduced last year. Students are not to bring them to school. If they are used they will be removed from students and stored safely in the Library. A process is then in place for parents to collect them from the school. The success of this approach in reducing disruptions, especially in classrooms, and keeping a focus on effective learning means that the policy is working and needs to be supported by families.

I am looking forward to a very productive year. Can I once again encourage as many parents as possible to come along to our first P&C Meeting for the year on Monday 11 February. It will commence at 7.30pm in the Library.

Have a great week!
Darryl Thompson
Principal
The table below shows when the Western Area trials are on for all students. Students who are interested in attending must see their campus sports organiser or Mr May (Dubbo College Sports Coordinator) for further information.

Please be aware all trials except athletics, cross country, boy's tennis, swimming and u/15 rugby league are open trials and as such are open to students turning 18 in 2013 as well as junior students.
