These everyday objects have been transformed into little characters. Students looked at artist Albert LeGrande and used his artmaking practices to create their own interpretation of a LeGrande. Students have completed this activity using forks, spoons, egg cartons and paintbrushes. Students also looked at artist Salvador Dali and the way he would mutate or distort objects in his work. Students had to create an image similar to Dali with the inclusion of a chair and an old Penny-farthing bicycle and a calculator. This tested their imagination to the extreme. They have done exceptionally well.

Landcare Australia teamed up with Turf Australia to create grants to help refresh, rebuild, or revive 15 school grounds across Australia with natural grass through a new program - Turf Australia & Junior Landcare Perfect Patch of Green.

Dubbo College Delroy Campus applied for the $10,000 grant and was successful. See our before and after photos, thank you to the hard working students and staff who helped revitalise the eroded areas of the school.
HSIE Happenings……..

Term 2 has started smoothly. After being away for 8 weeks of last term I have noticed the school is very calm, students are focused on their learning and are following the PB4L guidelines. – Do Your Best, Equipment, Learning, Respect, Opportunities, Your School. Particularly noticeable are improvements in Equipment, Respect, and Learning.

This term is short but there is a great deal to fit into it.

- **Year 7** have a research task to submit on Wednesday 14th May,
- **Year 8** are required to submit their portfolio of work on the same day.
- **Year 9** have a research task to submit on 21st May and
- **Year 10** will have a Geography skills test during the week beginning 19th May (Week 4).
- **Year 9** are also required to submit their portfolio of work on 28th May. On top of this all students in HSIE will be sitting for exams in Weeks 6 and 7 (between 4th June and 14th June).

I would like to congratulate **Gabby Block of Year 10** on being chosen to visit Minokamo (Japan) as part of Dubbo City Council’s Sister City Program. Gabby had to apply on paper and then go through an interview process and was able to impress the panel to gain her selection for this trip of a lifetime. Congratulations Gabby and all the best for 2014.

I would like to thank Ms Grey and Mr Rice for “filling my shoes” while I was on sick leave in Term 1. It was reassuring to know the faculty and my classes were in good hands.

Birth certificate program

Having access to a birth certificate can be critical when applying for employment, bank accounts, driving licences and passports. With that in mind, students made the most of the opportunity to access their birth certificates when workers from the Minimbah Project visited Dubbo College last week.

The Minimbah Project began when the Minimbah Aboriginal primary school at Armidale started a financial literacy program four years ago, according to project leader Reece Trickey.

“They attempted to help the students open bank accounts but then found out many of them didn’t have birth certificates,” he said.

“From there the project attracted significant funding and by the end of this year we hope to have signed up 1,600 students throughout northern NSW.”

Supported by the Department of Prime Minister and Cabinet, Uniting Care Burnside and the University of New England’s enactus program, the Minimbah Project helps people without birth certificates to apply for one free-of-charge.

“We get students and parents to fill out the necessary documentation giving us permission to act on their behalf,” Mr Trickey said.

“After forms are copied and identification is signed by a Justice of the Peace, we send the forms off to Births, Deaths and Marriages and it usually takes about six weeks for the birth certificates to arrive.”
PDHPE News
Term one has been a very busy term for all students in Years 7 to 10 at Delroy Campus in PDHPE. All years have now completed their first assessment task for the year with some commendable results achieved across all years. The following students have shown particular aptitude that should be recognised.

**Year 7 - In class critical evaluation of effects of smoking.**
Lilli Campbell, Elizabeth-Rose Cohen-Campbell, Georgina Josephs, Alison Toohey and Laura Williams

**Highest performer:** Elizabeth-Rose Cohen-Campbell

**Year 8 - In class study of effective relationships.**
Mower Walshaw, Tanisha Tago, Maree Pobje, Jacob Martin, Natalie Gardoll, Ileen Delos-Reyes, Maddison Dandridge

**Highest performers:** Jacob Martin and Ileen Delos-Reyes

**Year 9 - In class analysis of alcohol use in society**
Julie Bayliss, Kellie Rainbow, Taliah Perkins, Jessica McKinnon, Chloe Hawke, Brianna D’Esposito, Sarah Bridges, Sharika-Marrar Howard.

**Highest performer** - Sharika-Marrie Howard

**Year 10 – In class evaluation of driving safety for teenagers**
Gabrielle Block, Jonte Board, Emily Brierley, Amanda-Lee Burns, Laura Clow, Chayce Giles, Peta Hangas, Reece Holland, Jacob Ware.

**Highest performer** - Chayan Deb Nath.

Top PDHPE performers Term 1 assessment:
Ileen Delos-Reyes (Year 8 equal),
Jacob Martin (Year 8 equal),
Elizabeth-Rose Cohen-Campbell (Year 7)

**Term 2 Theory Content**
In term two all core classes in PDHPE will be starting new theory topics. They are as follows:
Year 7: Sexual Health
Year 8: Lifestyle Diseases
Year 9: Don’t Risk It (Sexuality)
Year 10: Choices.

All students should be aware that assessment tasks in term 2 will be exams from their first two topics. It will be a one hour exam to be held in exam week. For more information students can refer to year assessment booklet that was given to them on day one of Term 2.

**Term 2 Practical Content**
In Term 2 all core classes will be starting new practical topics. They are as follows:
Year 7: Small target invasion games (basketball/netball)
Year 8: Large target invasion games (soccer, hockey)
Year 9: Over the line invasion games (touch, oz tag, frisbee)
Year 10: Athletics

Students will receive a grade (A,B,C,D,E) for each practical topic they study in the year. This is based on skill level, game sense, positional awareness, rule knowledge and implementation, participation and techniques applied in game situations.

If parents/guardians have any questions regarding PDHPE matters please feel free to contact

Sport At Delroy

Under 16 Rugby League

In under 16 Rugby League Dubbo College took on Cowra High in Cowra in round one of the Tom Kemp Memorial Cup. The side put in a spirited performance given limited practice before and the fact that many of the side didn’t play weekend Rugby League. Their behaviour and sportsmanship was exemplary. All the team were great representatives of the school.

Unfortunately in the end Cowra High won 32-16 to progress to the next round. Delroy were best served by Jarrod Buckland, 13 year old Tim Boney, Zaidan Britt and Brodie Caton.

College Sporting Teams

The Dubbo College has had many teams involved in sporting action in Term 1. In CHS competition teams are entered as College teams that come from three campuses. Students can be aged up to 19. It is a great achievement for junior campus students to make these teams and Delroy has had a number show the skill required to be selected.

They have included:

Boys Soccer: Jarred Buckland, Brad Beard, Josh Allen. (Team into third round after defeating Narromine High)

Girls Soccer: Tegan Hall, Emily Brierley. (Team into third round after defeating Yeoval Central.)

Boys Cricket: Aiden Shields. (Team to play Broken Hill in third round in Term 3)

Boys Touch: Tim Boney, Zaiden Brit. (Team into final 8 teams in Western)

The Dubbo College U/14 Buckley Shield team (from Delroy Campus and South Campus) is into the third round after defeating Cobar High 48-12. Randall Dowling, Ngali Shaw, Tim Boney and Zach Hill represent the side from Delroy. They now take on Wellington High on 9/5/14 in the next round.

Swimming

Congratulation to Robert Betts (Year 8) and Rosetta Betts (Year 10) who represented Western Region at the NSW CHS swimming championships held in April 2014. They had the great honour of swimming at the pool that hosted the 2000 Sydney Olympics. Both performed admirably in their respective events. In the 400m girls 16 years Rosetta was in the top 20 swimmers in the State.

Well done!!

Rugby League

Year 9 student Robbie Freeman has been selected in the Western Area CHS under 15 Rugby league to play against North West. This came about after an extensive period of trials against the best u/15 Rugby League players from Lithgow to Broken Hill. Trials began in Narromine, where after a strong performance, Robbie was chosen in the Group 11 (Dubbo region schools) side to take on Group 10 (Bathurst region schools). In this game, at Peak Hill, Robbie put in another strong performance to gain selection in the Western Area team on the wing. The Western Area team were to play the North West team in Gilgandra on 5/5/14. If successful in this game Robbie will the travel to the NSW CHS championships.

Good luck Robbie!!!!

SCIENCE AND ENGINEERING CHALLENGE

On Wednesday the 12th of March a record breaking number of Delroy students participated in the 13th Annual Science and Engineering Challenge. The Delroy team was made up of 31 students from Years 9 and 10 who formed smaller teams and competed against other schools in eight different activities.

The pink team; Vanessa Price, Charity Mendoza, Alinta Todhunter and Jessica Sinclair built a catapult from rubber bands, broom sticks and masking tape. After a long and frustrating day the girls were able to overcome tension problems and snapped bands to successfully fire a tennis ball from their machine.

Team ‘Flight of the Navigator’ with Jessica McKinnon, Jessica Wyatt and Cheyan Debnath designed a polystyrene aircraft. Confident in their aeronautical engineering skills the trio were sent back to design headquarters after their test launch ended with an exciting tailspin and a spectacular crash.

Other activities on the day included, designing a power network whilst keeping infrastructure and cost in balance, building an eco friendly house that could withstand extreme weather conditions, building and driving a moon buggy, designing a water pipeline network using string and the mentally challenging ‘Who gets the water?’.

The always exciting finale of the day saw Team ‘Bridge’ put to the test as a trolley is rolled down a test track and over the bridge to see if the structure can withstand the speed and weight. The teams spent all day designing, building and testing the balsa wood bridge hoping to face ‘The Bridge Buster’ a weight of 1200g. The Delroy team got the crowd excited as Jarrod Buckland and his team were able to put 800g over the bridge before it broke. This was a great effort.
SRC Report

It’s a new term with new things to do. We started out with selling chips and drinks at the musical to stop the groaning audience from being “zombied”. We’re busy organising events to raise money for our Term 3 disco which we’re sure will be a blast for the students.

The SRC invited all parents to come down to the Delroy athletics carnival at Bob Dowling oval last Thursday. We sold drinks and hot food such as steak sandwiches and sausage sandwiches to help raise money for our school and disco.

On the 23rd of May the SRC will be hosting Crazy Rainbow Day! We encourage the students to wear their craziest colours to support funding for your school disco.

We have recently re-turfed and re seated the area next to the HPL so it will be a better looking and exciting place to hang around.

Sincerely SRC Members...
Daniel Ramirez and Antonio Rojas

SCIENCE AND ENGINEERING CHALLENGE

Mudgee High School was the challenge winner on the day with the Delroy team earning 7th place. The activities are designed to promote teamwork, communication, problem solving, design and building skills. The organisers of the event, The University of Newcastle and local engineers hope to inspire students to study science, especially Physics, Chemistry and Engineering Studies in the senior years and then at a tertiary level pursuing courses through TAFE and University with the intention of recruiting young people into science professions.

The Delroy Team should be proud of their overall performance on the day. Their ability to work in teams, try different approaches when problems arose and exhibit fair sportsmanship was noted by the organisers of day and supervising teachers from other schools.

University of New England Open Day!

A small group of students of 24 from South, Delroy and the Senior Campus took an overnight excursion to Armidale to attend UNE’s Open Day. The students were able to see what it would be like at the university, receiving tours of the various colleges where students live and giving a brief run-down of the courses UNE has to offer. We saw some familiar faces of Ex-Dubbo College students and even with the cold weather they still had a great time returning with keen interests for university. “Despite not having a non-ATAR subject pattern, going to UNE made me want to apply for early entry in hope that I get accepted, it was a great experience,” one of the students said. A big thanks to the New England Girls School for hosting us as well as the university.

*Mrs Marie Speer*  
*Head Teacher Equity*
Welcome back to all students, parents and staff to Term 2. I hope all families had a relaxing Easter holiday. This term is always extremely busy and it commenced with our School Athletics Carnival which was held on Thursday 8 May. This was a beautiful day with high participation from students. Congratulations to Mr Dunlop and his team for organising an enjoyable carnival for all. (See report and photos in our next newsletter).

We also held our School Musical with over 60 students involved in this event. It was wonderful to watch the students grow over the three performances and I know the 400 primary School students that we had watch on Friday were so excited about it. Congratulations to Ms Dawson and Ms Bell who were the driving force behind our production. (See report and photos in our next newsletter).

Dubbo College marched on ANZAC Day where we saluted the spirit of the ANZACs also paying tribute to them, taking this opportunity to dedicate ourselves to striving for our country as they did and uphold their finest qualities of courage, commitment, endurance and mateship. It was great to see so many students involved in this ceremony and observe the level of respect shown by our students.

The National Assessment Program for Year 7 and Year 9 was conducted this week across all schools in Australia. Results are usually released in September.

Landcare Australia teamed up with Turf Australia to create grants to help refresh, rebuild, or revive 15 school grounds across Australia with natural grass through a new program - Turf Australia & Junior Landcare Perfect Patch of Green. Dubbo College Delroy Campus applied for the $10,000 grant and was successful. The Turf was laid last week with many students and staff helping with the laying. I would like to thank Alex White from Turf a Lot Dubbo for providing the turf and also supporting our school to professionally prepare and lay the turf. Stacey Exner Principal

A NOTE TO PARENTS/CARERS and STUDENTS

Tank tops/ singlets are not to be worn at school.

These tops are not part of the uniform and the do not meet sun-safe requirements.
